Emne: L 168 - bemrkninger til lovforslaget

Skatteministeriet har ved Lovforslag L 168 blandt andet foreslet, en forhøjelse af kuldiioxidafgiften p brndsler.

Samtidig fremgr det af lovforslaget, at virksomheder der er omfattet af lov om CO2-kvoter ikke kan f godtgjort CO2-afgiften, s lnger lov 464 af 9. juni 2004 ikke er godkendt af EU Kommissionen.

Hvis lovforslag L 168 trder i kraft fr lov 464 af 9. juni 2004 trder i kraft, vil det f stor utilsigtet konomisk betydning for virksomheder, der er omfattet af bde proceslisten og lov om CO2-kvoter. Dette er tilfldet for Haldor Topse, hvor det vil ge afgiftsbelastningen med ca. 5 mio. kr. pr. r.

Vi beder Skatteministeriet bekrfter, at L 168 ikke trder i kraft fr lov 464 af 9. juni 2004.
Med venlig hilsen/Best regards
