

**WITH SOME THINGS YOU NEVER TAKE RISKS.  
MARITIME READINESS IS ONE OF THEM.**

Denmark's commitment to national and global maritime security demands the most reliable multi-role helicopter. One that's operationally proven at sea and around the world. With advanced mission systems for complete situational awareness. That employs network-enabled data links for information sharing and instant decision making among allies. A helicopter that's in full production, globally supported and whose costs are based on fact.

**MH-60R.** The real solution. Ready to Launch Now.

## ROSKILDE AIRSHOW

Lockheed Martin vil være blandt udstillerne på Roskilde Airshow den 27-28. august 2011.

I partnerskab med Sikorsky Aircraft er Lockheed Martin hovedleverandør af MH-60R SEAHAWK der er kandidat til Danmarks nye skibsbaserede helikopter.

Repræsentanter for Lockheed Martin ser frem til at møde Airshowets besøgende, svare på nysgerrige spørgsmål og fortælle nærmere om SEAHAWKEN.

Besøgende på standen kan også kigge nærmere på Lockheed Martins F-35 Cockpit Simulator/Demonstrator og lære mere om Joint Strike Fighteren.

Lockheed Martins stand findes på:

**Plads Rød 1 og 2.**
