06 October 2014

Chairman of the Defence Committee
Mr. Karsten Nonbo
Folketinget
Christiansborg
DK-1240 København K

Dear Mr. Chairman,

The Boeing Company and its Hornet Industry Team (HIT) partners are honored that Denmark's Defense Committee is considering our F/A-18 Super Hornet offering submitted in response to your New Fighter Program (NFP) Request for Binding Information. We believe you will find our offering brings Denmark an advanced and highly capable multi-role fighter as part of an affordable and low-risk acquisition.

As the Defense Committee continues your very important task of evaluating NFP options, we seek the opportunity to provide your members with additional information concerning our offering's relevancy and benefits. As such, I would like to kindly request an opportunity to appear before the Committee to present Boeing's partnership proposition with Denmark and the rationale for our belief that the Super Hornet is the right choice for Denmark.

Since your visit to The Boeing Company in St. Louis on 27 Aug 2013, we have reached a number of Super Hornet program milestones that significantly enhance our ability to best address Denmark's NFP requirements and objectives. We have also continued our efforts to enhance our understanding of Danish defense industry's capabilities while assembling a plan to support its growth in line with your new National Defense Industrial Strategy as we pursue the establishment of a long term, vibrant partnership between Denmark and The Boeing Company. To that end, Boeing has completed an ambitious year-and-a half-long, evidence-based, economic study to document the effects of your fighter acquisition and how Boeing can best support the continued growth and evolution of Danish industry as a whole. These are but some of the topics I would like to include in my briefing to the Committee.

Please let me know if I can be of any assistance as you work through your acquisition processes. I look forward to your response to my request herein and to seeing you again in the coming months.

For your convenience, please feel free to contact our local Boeing representative, Mr. Cliff Puckett, at clifford.t.puckett@boeing.com or at +45-2367-3450.

Sincerely,

Debbie Rub
