Dear State Secretary Jørgensen:

Thank you for your December 9 letter regarding the Thule Base Maintenance Contract and acceptance by Denmark and Greenland of our proposed criteria for companies wishing to participate in this U.S. Air Force procurement process. As you outlined in your letter, our use of these criteria will allow the United States to fulfill our obligations under our bilateral agreements related to Thule while streamlining the process for determining the eligibility of potential bidders. We appreciate your ministry's collaboration on this issue.

Sincerely,

J. Rufus Gifford
Ambassador
