Dear Forum Participants:

Thank you for your continued interest in our Parliamentary Intelligence-Security Forums. Our best tools to defeat Islamic terrorists are related to our effective engagement and collaboration of intelligence data, our counter-terrorist financing efforts, as well as our proactive cyber-security measures.

The experts presenting at our June 19 forum in Riga, Latvia are the best in the world to assist you and your government in achieving our mutual objectives. You will receive specific takeaways at the forum of how to significantly enhance your capabilities and understand the full needs of your Financial Intelligence Units, as well as proper use of important data, and options for counter-cyber measures. We must fully exercise the sophisticated tools available to us in the private sector and from successful operations in respective governments.

We have an outstanding response for our upcoming forum, and hope your schedule will permit you to join us. Please contact Clark Fonda (clark.fonda@mail.house.gov) to RSVP or if you have any questions.

Thank you for the privilege of working with you, and very special appreciate to our Latvian colleagues for being such wonderful hosts.

Sincerely,

Robert Pittenger
Member of Congress
Chairman, Congressional Taskforce on Terrorism
And Unconventional Warfare
