Henvendelse af 4/6-07 fra Pioneer, Tyskland om GMO majs

Hermed omdeles henvendelse fra Pioneer, Tyskland vedrørende deres ansøgning om EU-godkendelse af 2 typer af GMO majs.

Med venlig hilsen
Niels Yde,
EU-Sekretariatet.

Dear Jacob Heltoft,

according to our knowledge there is a vote on approval for import (food/feed use and processing) for 3 genetically modified products scheduled for the meeting of the standing committee on plants (DG SANCO) on June 8th. We are interested to get approval for our 2 corn products

- a) 1507 x NK603 and
- b) 59122.

As the Committee for EU affairs of the parliament (Danish Folketinget) might be in the decision making process to prepare the vote of Denmark we want to provide information on our products with the factsheets attached. Please distribute the information to the parliamentarians of that group and politicians involved in the decision making process.

We would be more than happy to answer your question by phone and also in a face to face meeting as well as in the discussion of Committee for EU affairs of the parliament.

Please don't hesitate to contact me for any question you might have.

Kind regards,
Heinz Degenhardt
