Dear Barry and Damien,

I have been informed that Denmark will not be able to take a decision in the Orica DRR before Christmas this year.

I will come back to you first thing in the New Year when I have any indications of any new timing.

I apologise for the trouble the process in December may have caused you.

And last I which the both of you a Merry Christmas and a relaxing holyday for you and your family.

Warm regards
Lone

Hi Lone

Thank you for letting us know.

Best regards

Barry

Dear Damien and Barry,

14-06-2010

Sorry - but we have not yet been able yet to get a signature from our minister with regard to that he have been informed about the export. And as he is sick today, we do not expect to have it by Wedensday.

We have been promised that we will be informed Wedensday if he needs any further information, so I will return to you as soon as I hear any news.

best regards
Lone
