**Main Objectives of the MOU Signed By the GGGI and the National Research Council for
Economics, Humanities and Social Sciences (NRCS)**

II. OBJECTIVE OF PARTNERSHIP

4. The objective of this Memorandum of Understanding (MOU) is to affirm commitment to establish a close partnership for promoting active cooperation between GGGI and NRCS in support of capacity building and development of policy options for developing countries in the field of low emissions and green growth

5. To achieve this objective, the Parties will work towards synergizing their work based on their comparative strengths:

(a) NRCS, as a coordinator and publisher of the publication of policy papers on “Green Growth: A new paradigm for economic and social development of Korea”, will continue to develop research in the field of green growth; and

(b) GGGI, with intellectual, financial and technical strengths, will support developing countries in their implementation of policy options related to framework and roadmap of green growth

6. The priority areas of joint collaboration will include:

(a) Identifying areas of joint research and promoting joint research projects;

(b) Facilitating and supporting exchange of scholars;

(c) Promoting regular exchange of publications and relevant information on their activities of mutual interest; and

(d) Supporting organization of workshops, seminars and training courses on topics and contents of mutual interest

Data: GGGI Data has been recomposed.
