1. In your country, in the last 5 years what have been the main legislative changes and/or other changes which proved to have had a positive impact on women's participation in economy (in general or on a specific level or field)?
2. In your country, what are the legal and/or other changes which are vital in order to advance women/s participation in economy?
3. How would the economy of your country change if the female population would be more empowered to participate in the economic life?
