

## OSCE Parliamentary Assembly follow-up meeting with Young Political Leaders

*Call for Action – Helsinki +50 Process*

*Tuesday, 28 September 2021, 14:30 – 17:00 CEST*

### BACKGROUND

The Assembly is hosting this virtual event to follow up on the discussions regarding the significance of involving and empowering young political actors in decision- and policy-making to address current and future challenges. The first event was held by the OSCE Parliamentary Assembly earlier in spring as part of its [Call for Action – Helsinki+50 initiative](#), aimed at revitalizing dialogue and the spirit of multilateralism within and beyond the OSCE.

The goal of this meeting is to operationalize recommendations and ideas put forward by the politically active youth during the first meeting regarding the capacity of the younger generations to contribute to tackling regional and global challenges as well as their thoughts on how they could be better involved in decision and policy-making processes.

The invited high-level speakers, young political leaders and legislators across the OSCE region will have an opportunity to exchange views and valuable insight on how to solidify the results from the previous meeting and streamline shared suggestions and good practices into concrete political action, both in the work of their national legislatures and of the Parliamentary Assembly.

### PRELIMINARY AGENDA

#### Welcome remarks

- **Margareta Cederfelt**, OSCE PA President - *TBC*
- **Roberto Montella**, OSCE PA Secretary General

**Keynote speech** by **Farah Karimi**, OSCE PA Special Representative on Youth Engagement
