RESOLUTION No. X/78/2019

**OF THE COUNCIL OF ISTEbNA MUNICIPALITY
of 2 September 2019**

on adoption of a declaration on stopping/inhibiting "LGBT" ideology by the self-governing community

On the basis of Article 18 (1) and (2) item. 2 of the Act of 8 March 1990 on municipal self-government (i.e. Journal of Laws of 2019, item 506 as amended) **The Council of Istebna Municipality adopts the following:**

In connection with initiated by some politicians an ideological war, the Council of Istebna Municipality adopts a declaration "Self-government free from >>LGBT<< ideology". Radicals striving for a cultural revolution in Poland attack the freedom of speech, the innocence of children, the authority of the family and the school, and the freedom of entrepreneurs. Therefore, we will consistently defend our self-government community! For the good of life, family, and freedom, we declare that the self-government we represent, in accordance with our centuries-old culture based on the Christian values, will not interfere in private sphere of the lives of Polish families. We will not let for imposing on us exaggerated problems and artificial conflicts that the "LGBT" ideology brings about.

1. We do not agree with the contrary to law installation of officers of political correctness in schools (so-called "lighthouse keepers"). We will uphold the right to raise children according to the beliefs of parents!
2. We will do anything to prevent entering the schools by depraved persons interested in the early sexualisation of Polish children according to the so-called standards of the World Health Organization (WHO). We will be protecting pupils by ensuring that parents with the help of educators can responsibly convey to them the beauty of human love!
3. We will not allow exerting administrative pressure to apply political correctness (sometimes rightly called simply homopropaganda) in selected professions. We will protect, among others, teachers and entrepreneurs from imposing on them unprofessional criteria of actions, e.g. in educational work, in selection of employees or contractors!

We declare that Istebna Municipality in implementation of its public tasks will be faithful to the national and state tradition, remembering 1053 years since the Baptism of Poland, 100 years since regaining the Independence of Poland and 29 years since regaining Self-Government of Poles.

Chairman of the Council
