

Dear Committee on Higher Education and Research,

I recently joined the British Embassy here in Copenhagen as Science and Innovation Officer. Maintaining and strengthening our bilateral relationship on research collaborations remains a key priority for the UK.

Would members of the Committee have time to meet with us on Thursday, Feb 24th for introductions and a discussion on topics like science cooperation, our respective priorities, and Horizon Europe?

I would like to bring along Richard King, head of the Nordic/Baltic Science and Innovation Network (at post in Stockholm, but will be in Copenhagen on that Thursday) and Katherine Dark, head of the Political Section here in Copenhagen.

Best,
Anne
