Subject: Invitation to join the European Commission's Equality Platform for the Energy Sector

Dear Sir / Madam,

We hope this message finds you well.

We are pleased to introduce the [Equality Platform for the Energy Sector](#) – a forum for dialogue and exchange on equality-related issues among energy stakeholders across the European Union. Established in 2021 by the European Commission's Directorate General for Energy (DG ENER), the Platform brings together organisations to share experiences, highlight good practices, and strengthen equality in the sector. To date, more than 40 entities from 14 Member States have joined this growing community.

As a valued actor in the Danish energy landscape, we would be delighted to share more information about the Platform with you. Our aim is to ensure that interested and experienced organisations are aware of the initiative, can familiarise themselves with its format, and decide to what extent participation may be relevant for them. We would be glad if, in the future, your perspectives and expertise could enrich the ongoing exchange on promoting equality and inclusiveness in the sector.

To help you learn more before making a decision, we warmly invite you to a **30-minute online info session on 24 September at 11:00 CET**. During the session, you will hear about the Platform's values, objectives, and current activities.
