Paris, 9th September 2025

Dear President of Parliament,

OFFICE
PARLEMENTAIRE
D'ÉVALUATION
DES CHOIX
SCIENTIFIQUES
ET
TECHNOLOGIQUES

LE PRESIDENT

*LE PREMIER
VICE-PRESIDENT*

The Parliamentary Office for Scientific and Technological Assessment (OPECST), a joint body of the National Assembly and the Senate of the French Republic, holds the presidency of the European Parliamentary Technology Assessment (EPTA) network in 2025. EPTA brings together technology assessment bodies attached to many European parliaments, as well as similar associated bodies outside Europe.

As part of this presidency, we are pleased to invite you to the EPTA Annual Conference, which will be held on October 13, 2025, in Paris, at the Palais de Luxembourg, the seat of the Senate.

The theme of this meeting will be “Transforming the energy mix.” It will give the opportunity to numerous parliamentarians and experts to discuss the different strategies adopted by our countries to achieve carbon neutrality, assess the technological impacts of these decisions, and examine the conditions for the social acceptability of this energy transition.

At the end of this day of discussions, we will have the great pleasure of welcoming you to a reception held in your honor in the salons of the Hôtel de Lassay at the Presidency of the National Assembly.

We sincerely hope that your assembly will be able to attend this event, which will contribute to deepening the dialogue between parliamentarians and scientists and promoting the consideration of science in political decision-making.

Yours sincerely,

Stéphane PIEDNOIR
Senator

Pierre HENRIET
Member of Parliament
