Request for Economic Compensation for Improper Treatment During Detention

Hello,

I am a Chinese citizen who was temporarily detained in July 2024 while traveling through Denmark to Germany, due to not having valid documents. I was held in the foreigner detention center in Copenhagen.

During the more than one month of detention, I experienced poor food conditions (eating cold food stored in the refrigerator for over a month), and the immigration process was seriously delayed, which extended my stay unnecessarily. This situation had a negative impact on my physical and mental well-being.

I hope the Danish authorities can consider offering some financial compensation as a gesture of understanding and acknowledgment of what I experienced.

Thank you for your understanding and response.

Best regards
